

SERVICE DUE

Main Menu

Press any button (1, 2, 3 or 4).

Press button 4 for 'Service' menu.

Press button 3 for 'Settings' menu.

Use buttons 1 (-) and 2 (+) to set 'Code' value of '131'.

Press button 3 (OK) to enter 'Service Main Menu'.

From 'Service Main Menu' depress button 3 (Parameters).

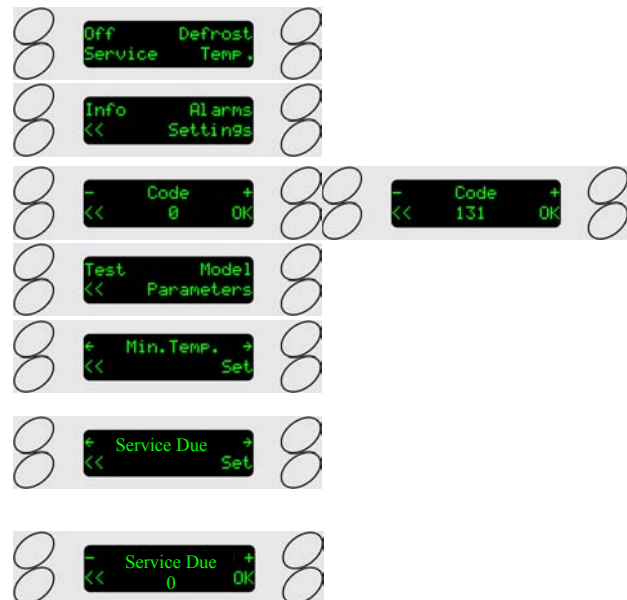

Use button 2 (→) to scroll through to the required parameter heading (Service Due).

(If the required parameter is missed, button 1 (←) can be used to scroll backwards through the parameters).

Use button 1(-) and button 2 (+) to adjust the value to the required setting (in this case '0').

Depress button 3 (OK) to save new value.

Controller up-dates settings and display shows next parameter heading.

From 'Service Main Menu' press button 4 (<<) to exit to 'User Main Menu'. If no further buttons are depressed for 1 minute the controller will also revert to the 'Normal Operating Mode'.
